- Anemia, chronic; effect of treatment on respiratory dynamics, 152
- Angle, Richard M. See Derbyshire, 166
- Aortic stenosis, congenital; anatomical variations in 46 patients, 204
- Appendectomy
  - acute abdominal pain in patients with past history of, 460
  - spontaneous postoperative expulsion of spleen through incision, 499
- Appendicitis
  - during pregnancy, 425
  - simulated by lesions of colon and terminal ileum, 102
- Armstrong, Bruce W. Book reviews, 757
- Arnold, Harry L., Jr. Foreword, 381
- Arnold, James G., Jr. See Bell, 322
- Arteries
  - carotid; resection of, for neoplastic invasion with maintenance of circulation, 55
  - lesions of, in upper extremity; clinical review with illustrative cases, 525
- Arteriovenous fistula, iatrogenic; report of a case involving the superior mesenteric vessels, 738
- Ascites, hemorrhagic; pathologic states resulting in; ammonia determinations on peritoneal fluid in differential diagnosis of, 695
- Atony, intestinal; postoperative use of pantothenyl alcohol for prevention of; an appraisal, 350
- Axioms, surgical, 572
- Bahnson, Henry T. See Spencer, 204
